LINCOLN PARK PRESCHOOL & KINDERGARTEN ADMISSIONS AND ENROLLMENT POLICY

LPP has ongoing enrollment throughout the year. In order to be eligible for enrollment, every child must visit LPP and turn in an **Application Form and Enrollment Fee**. Enrollment fees are not deposited until a spot is confirmed. All **LPP Application Forms** received will be put into a random lottery for any available classroom spots. The lottery will consist of all eligible applications based only on birth date and number of days requested. No preference is given for the date on which the form was received. For example, if a Tuesday and Thursday spot became available in the 3's classroom, all **Application Forms** from children within the birth date range and requesting Tuesdays and Thursdays will be pulled for that lottery. From those eligible applications, one will be randomly selected. If that applicant declines the position, another applicant will be randomly selected.

For families specifically interested in June or September enrollment, a random lottery will take place mid February consisting of all Wait List forms received on or before February 15. Families will be notified by early April if they have been chosen for a June or September spot.

I read and understand LPP's enrollment and lottery policy.
